

**Celeste Landa** — Having 6 years of experience in teaching, I can confidently say this school is unlike any other. As a faculty member of BdA, we are all overseen by the Director Carole Alexis. A unique curriculum is established to create classically trained dancers who want to enter any style of dance if they choose so upon graduation. A nurturing atmosphere is essential to a student's training and that is exactly what we do. If you want quality training, I recommend BdA!!  
**QUALITY, QUALITY, QUALITY!**
